ENGINE GROUND RUNNING - TUI

According to your info, the PW's cause the 757 to have greater range than the RR powered ones. It was my understanding that it's the other way around. That's why RR powered 757's are more preferred for over the pond flights. I know on paper the PW have that advantage, but actual performance wise, the RR's win.

Boeing 757-200 Specifications - MvN's Boeing 757 Website

The 757 is an excellent and safe aircraft with Rolls Royce RB211 engines. Seat padding on aircraft are no longer deep and voluptuous - try them all and you will see. The leather on our seats both out and back was excellent. Legroom - paid an extra £35 was good (about what economy used to be years ago).
