Taking AP Human Geography out on a whim was probably the best decision I made. I really loved the class, and this is the textbook we used. De Blij was good at explaining what human geography just is. (The human interaction of geography.) I loved how he would introduced each chapter with a story of what he saw in different countries. I also ...

The term sense of place has been used in many different ways. It is a multidimensional, complex construct used to characterize the relationship between people and spatial settings. It is a characteristic that some geographic places have and some do not, while to others it is a feeling or perception held by people (not by the place itself).
